LB1218 amends & revises several sections concerning the requirement of a test showing basic skills or content knowledge & updates the fee structure for obtaining teaching certificates and endorsements, with a portion of the new fee being allocated to the Professional Practices Commission, through the Nebraska Department of Education (NDE).

Starting 8/1/22, it expands the Attracting Excellence to Teaching Program to also provide \$1,000 of loan forgiveness if a pre-service teacher intern meets the requirements as prescribed.

REVENUE:

NDE estimates an annual revenue increase of \$250,000 due to the increased fee structure. NDE also estimates that \$48,000 of that new revenue amount will be allocated to the Professional Practices Commission.

AM2213 creates the Teach in Nebraska Today Act to establish a student loan assistance & repayment program to attract individuals to the teaching profession who have expressed an interest in teaching & to support the employment of those individuals as classroom teachers.

Student loan assistance & repayments will not exceed \$5,000,000 a year. Eligible applicants may apply for repayment assistance of \$5,000 per year for up to five total years in an eight-year timeframe.

Applications for student loan repayment assistance must be submitted no later than June 10, 2023, & no later than June 10 of each year thereafter, on a form developed by NDE. NDE will approve or deny each application & will notify each applicant of such determination no later than September 10, 2023, & no later than September 10 of each year thereafter.

EXPENDITURES:

NDE estimates the need for an additional FTE to implement, monitor, & evaluate the program. For FY2022-23, the FTE's salary/benefits will be \$79,237, & operating expenses are estimated at \$5,010. For FY2023-24, the FTE's salary/benefits will increase by 3.64% to \$82,301, & operating expenses are estimated at \$5,010.

COMMENTS: Disagree with the agency that a new position would be needed. The bill states that an outside consultant would be used to manage the provisions of the amendment. There would be a cost of the outside consultant. That cost is unknown as the agency failed to identify a cost.

Explanation of Estimate:

There would be no fiscal impact for the changes proposed in LB1218 for changes to the basic skills requirement.

LB1218 provides a ceiling for certification fees. For additional endorsements, the fee would be increased from \$40 to \$55. Certificate fees would be raised from \$55 to \$75, and for non-public schools from \$40 to \$55. Raises contribution to Professional Practices Commission from \$13 to \$17. The commissioner has authority to set at these rates or below. If the commissioner set fees to the maximums proposed by LB1218, an additional \$250,000 is estimated in revenue. See calculations below:

- 11,000 public school certificates x \$20 = \$220,000
- 1,000 non-public school x \$15 = \$15,000
- 1,000 added endorsements x \$15 = \$15,000

Out of the \$250,000 of additional fees, \$48,000 would be allocated to the Professional Practices Commission per LB1218.

The bill also expands eligibility requirements for the Attracting Excellence to Teaching Program. This addition will incur no further costs to the NDE.

AM2284 does not increase or decrease the final costs of the Education Committee amendment, AM2213 to LB1218, which stated the following:

AM 2213 establishes the Teach in Nebraska Today Act, and creates a student loan assistance and repayment program. Implementing, monitoring, and evaluating the program outlined in AM2213 would require the NDE to employ a new FTE.
