Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

AM1388 removes the original provisions of LB236 and replaces them with the provisions of LB's 85, 173, and 244.

The provisions of AM1388 that contain LB85 would require the Nebraska State Patrol (NSP) to send a renewal notice to a holder of a concealed handgun permit. NSP has estimated the costs at \$57,341 in FY22 and \$56,293 in FY23 to provide this notice. NSP shows these costs as coming from the General Fund. However, concealed handgun permit fees are deposited into the Nebraska State Patrol Cash Fund. Therefore, it seems that any additional costs should come from this cash fund rather than General Fund. At this time, it is assumed NSP can handle this increase in cash fund expenditures with existing resources.

LB173 would change provisions relating to carrying a concealed weapon. In the introduced copy of this bill, the Supreme Court estimated a minimal fiscal impact, the Board of Parole estimated no significant impact, and the Department of Correctional Services estimated no fiscal impact.

LB244 would change permit renewal provisions of the Concealed Handgun Permit Act. In the introduced copy of this bill, the Nebraska State Patrol estimated no fiscal impact.

AM1434 is similar to LB301 as amended by AM632. This bill which would change drug schedules and penalties and adopt federal drug provisions under the Uniform Controlled Substances Act.

The Department of Correctional Services (DCS) states that AM1434 could increase the number of persons in prison, but the specific impact is indeterminable.

If the impact of AM1434 is to increase the prison population by more than current law, then this could have an impact on prison overcrowding. The average daily prison population was 145% of design capacity as of December 2020. DCS could incur additional per diem costs if the prison population increased. The FY20 per diem cost for an individual inmate was \$10,180 per year, which includes DCS inmates in county jails.

In the introduced copy of LB301, the Board of Parole estimated no significant fiscal impact, and the University of Nebraska, the Nebraska State Patrol, and the Department of Health and Human Services estimated no fiscal impact.

LB: 236	AM: 1434	AGENCY/POLT. SUB: Nebraska Departmen	nt of Correctional Services (46)		
REVIEWED	BY: Joe Wilcox	DATE: 05/17/2021	PHONE: (402) 471-4178		
COMMENTS: No basis to dispute the Nebraska Department of Correctional Services (NDCS) estimate of potential, but Indeterminate Fiscal Impact to the Agency from Senator Ben Hansen's AM 1434 to LB 236. AM 1434 includes the provisions of Senator Ben Hansen's LB 301, which changes Drug Schedules and Penalties and adopts the Federal Drug provisions under the Uniform Controlled Substances Act. The NDCS fiscal note on LB 301 was potential but Indeterminate fiscal impact

## **Explanation of Estimate:**

Amendment 1388 adds additional requirements for the State Patrol to send a notice to permitholders by United States mail or electronically at least four months before expiration of a permit to carry a concealed handgun. Additionally, the amendment adds a "grace period" that allows a permit to be valid and renewable 30 days after expiration. The Agency estimates that in order to facilitate these additional notices within the prescribed timeframes and allowing for a grace period, an additional Staff Assistant I will be required, along with IT development costs. Wages and Benefits for the Staff Assistant I are estimated at \$41,222 per year. Costs to outfit this additional employee with equipment are estimated at \$3,350 in FY 21-22. Operational costs, consisting of postage, supplies, and printing costs are estimated at \$12,769 in FY 21-22 and \$15,071 in FY 22-23.
