- 1 A BILL FOR AN ACT relating to developmental disabilities; to amend  
2 sections 83-1201 and 83-1212.01, Revised Statutes Cumulative  
3 Supplement, 2020; to state findings and declarations; to require  
4 application for and implementation of services and supports for  
5 children with disabilities and their families as prescribed; to  
6 require reports and evaluations; to provide powers and duties; to  
7 harmonize provisions; and to repeal the original sections.  
8 Be it enacted by the people of the State of Nebraska,

1           Section 1. The Legislature finds and declares that:

2           (1) The family is vital to the fundamental development of each  
3 person in the State of Nebraska;

4           (2) A growing number of families are searching for ways to provide  
5 supports for disabled family members in the home rather than placing them  
6 in state or private institutional or residential facilities;

7           (3) The informal support of family caregivers is the backbone of the  
8 system of long-term care services, and the assistance provided to a  
9 person with a disability is critical to the financial well-being of the  
10 state, particularly when such assistance helps to defer a more costly  
11 institutional or residential placement;

12           (4) Necessary services should be available to families caring for a  
13 disabled family member so that disabled persons may remain in the home;

14           (5) The State of Nebraska should make every effort to preserve each  
15 family unit having a child with a disability, to ensure that decisions  
16 regarding a child with a disability are based on the best interests of  
17 the child and the family, and to ensure that services are provided that  
18 promote independent living, family-centered care, and individual choices;

19           (6) The State of Nebraska should promote cost-effective health care  
20 alternatives for disabled persons and should maximize state, federal, and  
21 private funding to ensure adequate health care supports and services are  
22 available for children with disabilities and their families;

23           (7) Early intervention (a) has been shown to help a child with a  
24 developmental delay, or at risk of a developmental delay, to acquire  
25 skills during the most critical period of growth, (b) is a recognized  
26 public health approach that helps to ensure that a child has access to  
27 services and supports to help the child acquire living skills and  
28 increase the likelihood that the child will be self-sufficient or have  
29 less dependency on state services, and (c) is a less costly approach for  
30 the use of limited state and federal resources;

31           (8) A child with a disability often needs support after school and

1 during the evening, weekend, and summertime or other school breaks in  
2 order to maximize the opportunities for socialization and community  
3 integration and to allow family caregivers the ability to work, focus on  
4 self-care, socialize, and participate in community integration;

5 (9) A family support waiver as proposed under section 2 of this act  
6 will supplement the continuum of developmental disability services and  
7 other state programming for children with disabilities, remediate current  
8 program gaps, and offer a pathway for children with disabilities to gain  
9 access to the medical assistance program and capped long-term services  
10 and supports; and

11 (10) Providing support to family caregivers allows them to remain in  
12 the workforce which in turn allows the state to benefit from the family  
13 caregivers' private health insurance as a first payer.

14 Sec. 2. (1) The Department of Health and Human Services shall apply  
15 for a three-year medicaid waiver under section 1915(c) of the federal  
16 Social Security Act to administer a family support program which is a  
17 home and community-based services program as provided in this section.

18 (2)(a) The Advisory Committee on Developmental Disabilities created  
19 in section 83-1212.01 shall assist in the development and guide the  
20 implementation of the family support program. The family support program  
21 shall be administered by the Division of Developmental Disabilities of  
22 the Department of Health and Human Services.

23 (b) It is the intent of the Legislature that any funds distributed  
24 to Nebraska pursuant to section 9817 of the federal American Rescue Plan  
25 Act of 2021, Public Law 117-2, be used to eliminate unmet needs relating  
26 to home and community-based services for persons with developmental  
27 disabilities as much as is possible.

28 (c) If funds are distributed to Nebraska pursuant to section 9817 of  
29 the federal American Rescue Plan Act of 2021, it is the intent of the  
30 Legislature that such funds distributed to Nebraska should at least  
31 partially fund the family support program if doing so is in accordance

1 with federal law, rules, regulations, or guidance.

2 (3) The family support program shall:

3 (a) Offer an annual capped budget for long-term services and  
4 supports of ten thousand dollars for each eligible applicant;

5 (b) Offer a pathway for medicaid eligibility for disabled children  
6 by disregarding parental income and establishing eligibility based on a  
7 child's income and assets;

8 (c) Allow a family to self-direct services, including contracting  
9 for services and supports approved by the division; and

10 (d) Not exceed eight hundred fifty participants.

11 (4) The department, in consultation with the advisory committee,  
12 shall adopt and promulgate rules and regulations for the implementation  
13 of the family support program to be set at an intermediate care facility  
14 institutional level of care to support children with intellectual and  
15 developmental disabilities and their families. Such rules and regulations  
16 shall include, but not be limited to:

17 (a) Criteria for and types of long-term services and supports to be  
18 provided by the family support program;

19 (b) The method, as provided in section 4 of this act, for allocating  
20 resources to family units participating in the family support program;

21 (c) Eligibility determination, including, but not limited to, a  
22 child's maximum income and assets;

23 (d) The enrollment process;

24 (e) Limits on benefits; and

25 (f) Processes to establish quality assurance, including, but not  
26 limited to, measures of family satisfaction.

27 (5) The division shall administer the family support program within  
28 the limits of the appropriations by the Legislature for such program.

29 (6) The division shall submit an annual report electronically to the  
30 Legislature on the family support program. The report shall include:

31 (a) The distribution of available funds, the total number of

1 children and families served, and the status of the waiting list for the  
2 comprehensive waiver and other applicable waivers;

3 (b) A summary of any grievances filed by family units pertaining to  
4 the family support program, including any appeals and a description of  
5 how such grievances were resolved;

6 (c) The number and demographics of children with disabilities and  
7 their families who applied under the family support program but who were  
8 not found eligible and the reason such children and their families were  
9 not found eligible;

10 (d) Quality assurance activities and the results of annual measures  
11 of family satisfaction; and

12 (e) Recommendations to innovate the family support program, improve  
13 current programming, and maximize limited funding, including, but not  
14 limited to, the potential utilization of other medicaid pathways or  
15 medicaid waivers that could help increase access to medicaid and long-  
16 term services and supports for children with disabilities or special  
17 health care needs.

18 Sec. 3. In order to be eligible for services and support under  
19 section 2 of this act:

20 (1) The child shall reside in the State of Nebraska;

21 (2) The income and assets of the child shall not exceed the maximum  
22 established under subsection (4) of section 2 of this act;

23 (3) The child shall have a medically determinable physical or mental  
24 impairment or combination of impairments that (a) causes marked and  
25 severe functional limitations and (b) can be expected to cause death or  
26 has lasted or can be expected to last for a continuous period of not less  
27 than twelve months; and

28 (4) The child shall be determined to meet the intermediate care  
29 facility institutional level of care criteria as set forth in subsection  
30 (4) of section 2 of this act.

31 Sec. 4. The Department of Health and Human Services shall allocate

1 medicaid waiver benefits under section 2 of this act based on  
2 appropriations by the Legislature for such waiver and give priority  
3 status in the following order:

5 situations in which the disabled child tends to self-injure or injure

8 juvenile detention centers, other institutional settings, or out-of-home

12 care;

13 (4) Fourth, to families who have more than one disabled child  
14 residing in the family home; and

15 (5) Fifth, based on the date of application under the family support  
16 program.

17 Sec. 5. If the federal Centers for Medicare and Medicaid Services  
18 denies the 1915(c) waiver required to be submitted in section 2 of this  
19 act, the family support program outlined in sections 2 to 4 of this act  
20 shall not be implemented until such waiver or other mechanism authorizing  
21 the program is approved. The Department of Health and Human Services  
22 shall submit a new waiver application or seek other mechanisms for  
23 approval if such application is denied.

24 Sec. 6. The Department of Health and Human Services shall  
25 collaborate with a private, nonprofit organization with expertise in  
26 developmental disabilities for an independent evaluation of the family  
27 support program set forth in section 2 of this act if private funding is  
28 made available for such purpose. The evaluation shall be completed by  
29 December 15, 2023, and shall be submitted electronically to the  
30 department and to the Health and Human Services Committee of the

5           Sec. 8. (1) The Department of Health and Human Services shall  
6 engage a nationally recognized consultant to provide an evaluation of the  
7 state's developmental disabilities system in order to examine how the  
8 State of Nebraska can better serve all Nebraskans with a variety of
