Explanation of Estimate:

To administer the Interior Design Voluntary Registration Act, the State Treasurer would create an application form and maintain an interior designer registry. Also, the Treasurer will need to create a seal and distribute those to registrants. The Treasurer may charge a fee up to \$50, which is directed to the Treasurer Administrative fund – and then credited to the UP Cash Fund quarterly.

According to the NCIDQ website, there are currently 234 registered interior designers in the State of Nebraska, about 130 of which show an active registration. We estimate that 130 people would voluntarily register under the Interior Design Voluntary Registration Act. The cost estimate to produce a seal for each registered interior designer is \$30 and an estimate to mail that seal to each registered interior designer is \$20. We anticipate most, or all, of the registrations will occur shortly after the Act becomes operative. Some of the labor that would be involved with this act would be absorbed in the Treasurer’s current operating budget, however we would look to hire temporary labor to coordinate with each registrant on ordering the seals and mailing the seals. This work would hopefully take place over a short period of time, limiting the amount of temporary labor to a two-week period in FY 2024-25. The estimates in this include this temporary labor cost. This work would end after all initial registrants have received their seals. However, there could be future costs as new interior designers register, and at the expiration of the registration. It isn’t known how many new registrations will be made in following fiscal years. For this fiscal note, we are estimating receiving 20 registrations in FY 2025-26. Again, the costs to implement this bill are difficult to project.
