AM 3435 replaces the original bill and all previously adopted amendments.

Section 1 amends Section 13-910 of the Reissue Revised Statutes of Nebraska to exclude certain types of claims from the Political Subdivisions Tort Claims Act and other related statutes (sections 16-727, 16-728, 23-175, 39-809, and 79-610). Specifically, it states that these laws will not apply to claims involving assault, battery, false arrest, false imprisonment, malicious prosecution, abuse of process, libel, slander, misrepresentation, deceit, or interference with contract rights.

However, there are exceptions to this exemption: it does not apply to claims under the Healthy Pregnancies for Incarcerated Women Act, nor to claims where the injury results from child abuse or sexual assault of a child due to a political subdivision or its employee failing to reasonably control a person in their charge or to protect someone in their care from harm caused by a non-employee actor.

There is no fiscal impact to the state.
