LB805 amends §79-2,103 to require school districts to allow youth organizations to provide information about their services & activities they offer to the students.

At least one time each school year & also when requested, a school district must allow a representative of a youth organization to present oral or written information to the students of the school regarding the organization & how the organization furthers the educational interests & civic involvement of students consistent with good citizenship & provide services & activities to any student from the school who is a member of their organization. The school district will make a good faith effort to select a date, location, & time for the organization to make their presentation to the students.

Prior to the presentation to the students, the representative must pass a background check that will be conducted by the Nebraska State Patrol (NSP) at the expense of the representative or the youth organization. Each school district can set the parameters of the background check as long as they are within the rules & regulations of the NSP.

EXPENDITURES:

There will be additional administration expenditures to administer the background checks & additional revenue generated from the background checks expected from NSP but cannot be determined at this time as there was no response at the time of submission.

The Nebraska Department of Education (NDE) estimates no fiscal impact to the State but there may be impact at the school district level & that amount cannot be determined at this time.
