LB270 deletes the provisions of statute that extends the jurisdiction of the Office of Public Counsel to county or municipal correctional and jail facilities, mental health and veterans institutions, regional behavioral health authorities, and community-based behavioral health services providers.

The bill removes the authorities added by LB467 enacted in the 2008 legislative session. The accompanying A bill provided funding for three additional staff positions. Due to previous budget cuts, one position has been deleted. The other two positions created in LB467 and deleted in LB270 include an Assistant Public Counsel and the position of Deputy Public Counsel for Institutions. Elimination of these positions would save about \$130,000 salary and benefits.
