LB 697 would allow the Game and Parks Commission to create a process to allow a person whose privilege or permit to hunt, fish or harvest fur has been suspended or revoked in another state to request a hearing before the Commission to determine if the offense is an offense under the Game Law or would constitute grounds for suspension or revocation of a Nebraska permit.

No fiscal impact.

Explanation of Estimate:

The proposed legislation changes provisions related to permit suspension or revocation of individuals who have had their privilege or permit to hunt, fish or harvest fur in another state, or jurisdiction of the United States or Canada, suspended or revoked. The Commission would be allowed to promulgate rules and regulations to create a process to allow such a person to request a hearing before the Commission to determine if the offense for which the privilege or permit were suspended or revoked in the other jurisdiction is an offense under the Game law or would constitute grounds for suspension or revocation under section 37-614 to 37-617.

These changes could increase the scope and duration of existing Commission meetings as well as legal review. No significant fiscal impact is expected to result.
