LB 597 would have no fiscal impact to state agencies.

LB 597 would allow the county agricultural society levy to be used to purchase equipment, and would eliminate current statutory language that allows county agricultural societies to exchange real estate and improvements or to sell real estate in order to acquire other real estate for fairgrounds. The revisions in LB 597 could change the way that county agricultural societies use levy revenues and manage property, but it is not anticipated to significantly alter total revenues and expenditures.
