Provisions of LB968 would be applicable to any sanitary improvement district (SID) that is:

- 1) located in a county with a population greater than 5,000 but less than 8,000
- 2) located in a county different from the county of the municipality within whose zoning jurisdiction the SID is located
- 3) unable to incorporate due to its close proximity to a municipality
- 4) unable to be annexed by a municipality with zoning jurisdiction because the SID is not adjacent/contiguous to the municipality

LB968 would grant certain powers to an SID that meets the above criteria subject to the approval and restrictions of the municipality within whose jurisdiction the SID is located. Any impact(s) of LB968 would be dependent upon the extent to which an affected SID would seek to exercise these powers and the extent to which an affected municipality would grant related approval.
