LB130 provides that a state-licensed installment loan company is to submit a fee of \$150 to the Department of Banking and Finance at the time such a company files an application proposing to move its place of business. The bill further provides that upon receiving a related application, the Department is to provide public notice of the application with the expense of the public notice to be borne by the applicant. The Department estimates a nominal level of additional cash fund revenue to result from the provisions of LB130.
