LB501 provides that a person may not use audio or video materials produced by a public television or radio broadcasting station of the Legislature or of a committee or division of the Legislature for a commercial purpose or political advertising without the permission of the Executive Board of the Legislative Council.

There could be some additional cost for the Attorney General if there are instances where the Executive Board requests civil action under Subsection 7 but it is unknown how many potential instances there might be. Other provisions of the bill should have no fiscal impact.
