	FY 2016-17		FY 2017-18	
	EXPENDITURES	REVENUE	EXPENDITURES	REVENUE
GENERAL FUNDS				
CASH FUNDS				
FEDERAL FUNDS				
OTHER FUNDS				
TOTAL FUNDS				

Any Fiscal Notes received from state agencies and political subdivisions are attached following the Legislative Fiscal Analyst Estimate.

LB 668 changes the enforcement of several provisions involving motor vehicles from secondary to primary offenses.

Seat belts: Violations of requirements for the use of seatbelts in motor vehicles are changed to be primary rather than secondary offenses. Currently, operators of motor vehicles are required to ensure that children six years of age and less than age 18 and front seat occupants use seatbelts when a vehicle is in operation. All occupants of vehicles operated by the holder of a provisional operator's permit or school permit are also required to use seatbelts. The fine for a seatbelt traffic infraction is \$25.

Interactive Wireless Devices: Violations of current law prohibiting drivers from using an interactive wireless communication device when a vehicle is being operated are changed from secondary to primary offenses. LB 668 also specifically prohibits school bus operators from operating these devices when transporting students. The penalty for violating these provisions is not more than \$200 for a first offense, not more than \$300 for a second offense within one year, and, not more than \$500 for a third and subsequent offense.

Provisional Licenses: Violations of provisional operator's permit provisions regarding the hours of operation and number of passengers in a vehicle are changed from secondary to primary offenses. It is assumed the fine for these violations is assessed pursuant to Section 60-689 as a traffic infraction. The penalty for violating these provisions is not more than \$100 for a first offense, not more than \$200 for a second offense within one year, and, not more than \$300 for a third and subsequent offense.

Revenue Increase: It is assumed there will be an increase in revenue from fines assessed for violating these provisions. The revenue increase accrues to the political subdivision where a violation is incurred for use by the public schools. The actual fiscal impact of changing the enforcement of all of these provisions from secondary to primary offenses is unknown and will depend upon the number of individuals cited. The revenue received by school districts from fines is an accountable receipt for state aid purposes. The amount of accountable receipts decreases the amount of state aid paid to schools receiving equalization aid, two years after the revenue is received. It is assumed the bill will not have an appreciable impact in terms of decreasing state aid to schools beginning in FY2018-19.
