LB 184 is the Small Wireless Facilities Deployment Act.

Section 2 provides Legislative findings. Section 4 through 31 provide definitions for the Act.

Section 32 prohibits an authority to enter into an exclusive arrangement with any person for use of the right-of-way for the collocation of small wireless facilities or the installation, maintenance, marketing, modification, operation, or replacement of utility poles.

Section 33 provides coverage related to permitting of small wireless facilities within or outside the right-of-way as specified in subsection (3) of this section and to the permitting of the installation, modification, and replacement of utility poles by a wireless provider within the right-of-way.

The Department of Transportation estimates no fiscal impact.

Explanation of Estimate:

LB 184 adopts the Small Wireless Facilities Deployment Act.

Section 33, subsection 5 provides that the application process, location and installation of such facilities, poles, or structures, as such pertain to the present and future use of the right-of-way or state-owned poles or wireless support structures for highway purposes, shall be subject to the rules and regulations, guidance documents and usual and customary permit requirements of the State of Nebraska and the Dept. of Transportation.

The bill allows the Dept. of Transportation to set and collect a reasonable application fee to cover its costs in administering the activities, as well as a system of annual occupancy rates for the use and occupancy of state-owned property.

The fiscal impact to the Dept. of Transportation is undeterminable. The bill has no stated fees to be charged and at this time the amount of applications are unknown.
