LB20 would amend provisions with respect to public building commissions as they relate to Lancaster County / City of Lincoln and Douglas County / City of Omaha. The bill would provide that no bonds are authorized to be issued by a related public building commission unless the question of a proposed bond issue has been presented to the voters of the affected county at an election called for consideration of such a proposal. Related election costs for the relevant political subdivisions would be contingent upon proposals by the respective public building commissions to issue bonds.
