This bill would prohibit the electronic transmission or online posting of sexual photographs or videos without the consent of the individual depicted. It would provide for a registrable offense under the Sex Offender Registration Act. Any person who violates the provisions of this bill is guilty of a Class I misdemeanor for a first offense and a Class IV felony for a second or subsequent offense.

The Supreme Court estimates a minimal fiscal impact from this bill.

The Board of Parole estimates no significant impact from this bill.

The Department of Correctional Services states that the fiscal impact of this bill is indeterminable.

A Class IV felony carries the potential for prison time. If the impact of this bill is to increase the inmate prison population by more than current law, then this could impact prison overcrowding and the Department of Correctional Services (DCS) could incur additional per diem costs.

As of October - December 2018, the prison population was 159% of design capacity. Additionally, DCS contracts with some counties to temporarily house prison inmates. If those inmates are included in the prison population numbers, then the prison population would be 162% of design capacity.

The FY18 per diem cost for an individual inmate was \$8,226 per year, which includes NDCS inmates in county jails.

Both the misdemeanor and felony penalties under this bill also carry the possibility of a fine being imposed. Any fines assessed pursuant to convictions will accrue to the county where the violation occurs to be used for the support of public schools.

This bill could also impact county jails. Misdemeanor sentences are generally served in county jails if jail time is imposed. If the impact of this bill is to increase the number of people serving time in county jails by more than current law, this could result in additional costs to counties.
