LB784 aligns state statute regarding what vehicles require an odometer statement by a transferor, with requirements found at 49 CFR 580. The current requirements in statute are applicable to vehicles of an age less than 10 years. The requirements at 49 CFR 580.17 exempt the following situations/vehicles from odometer disclosure requirements:

- A. A transferor or a lessee of any of the following motor vehicles need not disclose the vehicle's odometer mileage:
  - (1) A vehicle having a Gross Vehicle Weight Rating, as defined in 45 CFR 571.3 of this title, of more than 16,000 pounds;
  - (2) A vehicle that is not self-propelled;
  - (3) A vehicle that was manufactured in a model year beginning at least ten years before January 1 of the calendar year in which the transfer occurs; or
  - (4) A vehicle sold directly by the manufacturer to any agency of the United States in conformity with contractual specifications.
  - (5) A new vehicle prior to its first transfer for purposes other than resale need not disclose the vehicle's odometer mileage.
- B. A lessor of any of the vehicles listed in paragraph (a) of this section need not notify the lessee of any of these vehicles of the disclosure requirements of 45 CFR 580.7.

The Department of Motor Vehicles was unable to provide a fiscal note in the allotted timeframe. However, a direct fiscal impact on the agency appears to be absent.

The Motor Vehicle Industry Licensing Board provided a fiscal note (see attached) indicating no fiscal impact is anticipated. There is no basis to disagree with their determination.

Please complete ALL (5) blanks in the first three lines.
