LB 1117 will require the clerk of a sanitary and improvement district to file with the register of deeds or the county clerk a statement listing the annual fees or dues charged by each homeowners association located within the district. This statement is to be filed on or before December 31 of each year.

This bill will increase the workload of the clerk of the sanitary and improvement district to first identify each homeowners association, and then to correspond with each association to collect the required information on their annual fees, dues or other charges. It is believed that this workload and associated postage or other costs will be relatively minimal.
