LB 72 seeks to amend provisions of the Nebraska Liquor Control Act. LB 72 allows for the sale of liquor not in the original package, so long as it meets certain requirements. For Class C liquor license operators, the liquor must be in a labeled and sealed container and must not be partially consumed. For Class I liquor license operators, the same requirements apply, but the liquor must also be purchased along with food. LB 72 also provides for how such beverages must be transported in a motor vehicle, either in the trunk or rear seat if a trunk is not available.

The Liquor Control Commission estimates no costs to implement LB 72, and there is no expected revenue change as a result of the changes made. There is no basis to disagree with these estimates.
