LB78 relates to the Political Subdivisions Tort Claims Act and changes the amounts recoverable under the Act. Currently the Political Subdivision Tort Claims Act limits the amount recoverable to \$1 million per person and \$5 million per occurrence. LB78 increases those limits to \$3 million per person and \$12 million per occurrence.

The City of Lincoln estimates the cost of annual insurance and self-insurance could increase \$2,000,000 to \$6,000,000.

The City of Omaha estimates the adoption of LB78 to require an additional \$2.5 million per year.

There is no basis to disagree with the estimates provided.

COMMENTS			
CITY OF LINCOLN – No basis to dispute estimates.			
CITY OF OMAHA – It appears that LB 78 would create fiscal impact on the City of Omaha, but the narrative provides different estimates than the figures in the table at the top of the fiscal note.
