LB 373 earmarks \$300,000 in General Funds for FY23-24, and \$300,000 in General Funds for FY24-25, in the current appropriation to the University of Nebraska, as state aid. The aid would be used to purchase assistive technology and equipment for farmers and ranchers pursuant to the Nebraska AgrAbility program, which does not otherwise qualify for funding by the United States Department of Agriculture.

LB 671 (2021) was introduced for the same purpose. The Legislature approved the \$300,000, and it is appropriated as ongoing aid to the Department of Agriculture (agency #18), Program 78. As written, LB 373 would include this program in the agency budget for the University, but does not appropriate new funds for such purpose.
