LB 551 declares Legislative intent to appropriate \$10,000,000 from the General Fund per annum, beginning in fiscal year 2022-23, to any county containing a city of the metropolitan class for the provision of long-term care facility operations and services. This includes rehabilitation and transitional care, memory support care, and hospice services.

As written, LB 551 does not constitute a legal appropriation. It simply identifies *intent*. If the bill is amended to provide for a legal appropriation, the General Fund Appropriation of \$10 million per annum would begin in the current biennium (current biennium ends June 30, 2023).

It should be noted that the state does not make appropriations to non-state agencies, boards, or commissions. Typically, such action comes in the form of an appropriation to a state agency for aid that is distributed to political subdivisions.
