This bill requires the Department of Health and Human Services to report to the court within seven days whenever any new case manager is assigned to a state ward. The information to be provided is the name of the case manager being replaced and the number of times a new case manager has been assigned to the juvenile's case.

The additional work on the part of the Department of Health and Human Services will be absorbed within existing agency resources. The courts indicate this would save some time, but not in a sufficient enough amount to impact court workload.
