LB 206 requires the city treasurer for a city of the metropolitan class to be a member of the finance department of such city and be bonded in an amount as required by the finance director of such city.

In addition, LB 206 repeals sections of statute dealing with county treasurers and their status as ex officio city treasurers. Current statute requires such county treasurers to be compensated for the performance of this duty the sum of \$1,000 per annum from the city.

The provisions of LB 206 may have some small impact on local political subdivision, to the effect that the compensation provisions are being stricken from statute.

No fiscal impact to the state.
