This bill would change provisions and penalties relating to unlawful intrusion.

The definition of *intrude* is changed to mean surreptitious viewing or recording, and the definition of *place of solitude or seclusion* is changed to include a dwelling unit. The penalties are increased.

This bill may have an impact on the prison and/or jail population because it increases penalties. However, the fiscal impact is indeterminate at this time because it is unknown how many persons would be sentenced under the exclusive provisions of this bill.
