The Honorable Ben Hansen
Health and Human Services Committee
Nebraska Legislature
P.O. Box 94604
Lincoln, NE 68509

Dear Chairman Hansen:

The Department of Health and Human Services' statement on the explanation of effectiveness of the Registered Environmental Health Specialist license, below, as well as the survey answers submitted were done on behalf of both the Department and the Board.

The Board's ability to update required credentialing and take disciplinary actions against credential holders ensures that ethical and professional standards of practice are maintained by all Registered Environmental Health Specialists. This allows for Nebraska employers and facilities to identify qualified and competent individuals to conduct these activities, which is further demonstrated by the lack of disciplinary action against credential holders.

Sincerely,

A handwritten signature in blue ink, appearing to read "Timothy A. Tesmer".
